MNAA's Basil Dosunmu Earns Certified Internal Auditor Designation

NASHVILLE, Tenn. – Basil Dosunmu, an internal auditor for the Metropolitan Nashville Airport Authority (MNAA), recently earned the Certified Internal Auditor (CIA) designation.

“We are proud of Basil’s completion of all of the requirements for the Certified Internal Auditor program,” said Raul Regalado, president and CEO of the MNAA. “We look forward to his continued contributions to the MNAA team as we work hard every day to provide the Nashville Airports Experience to our passengers and partners.”

The Certified Internal Auditor (CIA) designation is the only globally accepted certification for internal auditors and remains the standard by which individuals demonstrate their competency and professionalism in the internal auditing field, according to The Institute of Internal Auditors.

Dosunmu joined the MNAA in 2006 and has 15 years of accounting and audit experience. A CPA, he holds a bachelor’s degree from Rutgers University.

The Metropolitan Nashville Airport Authority (MNAA) was established in 1970, and owns and operates the Nashville International Airport (BNA) and John C. Tune Airport (JWN). For more information, please visit www.flynashville.com.
