Nashville Airport Authority Promotes Rebecca Ramsey to Assistant Director of Properties

NASHVILLE, TENN. — The Metropolitan Nashville Airport Authority (MNA) recently promoted Rebecca Ramsey, formerly manager of Properties, to the position of assistant director of Properties.

“Rebecca’s creativity and commitment to providing superior concession options and facilities are evident in her accomplishments,” said Raul Regalado, president and CEO of the MNA. “This promotion recognizes her outstanding efforts and her significant role in the MNA team’s collective efforts to provide the Nashville Airports Experience to our passengers, partners, and employees.”

Ramsey has worked for the MNA since 1992. As assistant director of Properties, she will be responsible for overseeing the development and management of the commercial program, including food and beverage, retail, all other services and rental cars. Most recently, she coordinated the implementation of BNA’s new concession redevelopment program with award-winning results. Additionally, she supervises staff and oversees their development and management of those areas beyond the non-airline commercial program that include ground leases, airline agreements and other aviation-related services.

Ramsey serves on the Airports Council International – North America (ACI-NA) Commercial Management Committee and chairs the Concessions Benchmarking Working Group for that committee. Ramsey is a certified member of the American Association of Airport Executives.

Ramsey holds a bachelor’s degree in Aviation Business Administration from Embry-Riddle Aeronautical University and a master’s degree in Business Administration from Trevecca Nazarene University in Nashville.
